## **North Yorkshire Sport – Active Partnership**

We work with partners across the county to help create happy and thriving communities that mean people are living more healthily for longer in a fairer, more equal society.

We're on a mission to use movement, activity, and sport as a driver for positive change to enable people to fulfil their potential.

How can we help?

# Sport England

## 4 Years Into 10 Year Uniting The Movement

- transform lives and communities in England through sport and physical activity.
- bringing the sector together to harness the power of activity for everyone.
- growing place-based approach, collaborating closely with our partners in local communities to ensure those in greatest need can be physically active.

# Sport England

## Active Lives Surveys

21% (148,800) of the North Yorkshire population remains inactive (26% nationally) and national figures show that activity levels are significantly lower if you are less affluent, live in a more deprived place or come from certain demographic groups

# Sport England

## Changes made to strengthen **Code for Sports Governance**

Ensuring bodies in receipt of substantial public funding from either us or UK Sport have a detailed and ambitious diversity and inclusion action plan is a focus of the revised Code.

# New and Good Practice

- Sport Welfare Work
- Anti Racism in Sport Work
- Active Bystander Training
- Club Culture Work
- Gender Work
- Activity Alliance

# What Could Be Asked of the Sports Sector

NGBs - Coming to us to deliver their objectives  
e.g. Cricket & Bowls
