

**Community First Yorkshire** 

**VCSE Infrastructure Support Grant** 

2025 - 2028

# **Objective**

## This session is to update you on

- High level overview of our submission
- Our ambition
- New way of working model
- Theory of Change
- First steps
- Changes
- Implications

# Impact:

Creating the conditions for good quality, resilient and responsive VCSE organisations that can deliver positive change in relation to:

**Prevention and reduction of health inequalities** 

**Social regeneration** 

**Community resilience** 

Health and social care system pressures

**Digital inclusion** 

## **Outcomes for the VCSE sector**

## **Activities**

- Practical advice and support
- Building connections and relationships
- Enabling voice, advocacy and influence
- Shifting power to communities

# Ambition How will we ensure the VCSE is supported to achieve this?

- Feedback from the tender
- Outcomes and impact focus
- Celebrating and championing the sector
- Collaboration and partnership working
- Generous leadership and relationship led
- Driving meaningful change and innovation

We will transition from CSNY to a new model which aims to **combine** all the passion and experience of our teams **with** the strengths and opportunities of the North Yorkshire voluntary sector.

- Influence and collaborate
- Partnership-first approach
- Diverse voices are represented
- Community experience is heard

- Essential and innovative content
- Grow capacity, capability and confidence
- For leaders, teams and volunteers
- Facilitated peer-support

- A single point of access
- Level A responses
- Tracking and monitoring
- Excellent customer service

## **Practical support for:**

- Community Groups and Charities
- Community Businesses and Social Enterprise
- Community Buildings (inc Village Halls)

**Improvement** 

**Impact** 

**Influence** 

## Theory of change model
